Welcome to Oakwood

These sold in the 1955 Oakwood sale. Where else but at Oakwood can you find such consistently high quality, year in, year out?

Those who love good livestock never need an invitation to come to Oakwood. You are always most welcome. Our annual sale provides the most important reason for you to be with us, because it is here that you can help yourself. Down through the years we have aspired to make each offering stronger than the last. We believe sincerely this to be our best, featuring the first draft of Creekland Lan-

cer sons and daughters.

Naturally, we offer individuals with "eye appeal", in decent flesh, but not overdone. We firmly believe the inheritance of any animal, the composite of the bloodlines each carries, is the determining factor in the ability of each to reproduce . . . a "ceiling" of probable performance, as well as a "floor" of guaranteed inherited prepotence.

BREED HAS BEEN WAITING FOR

Oakwood Scottish Lancer, Lot 4.

Proudly we present the first draft of Creekland Lancer x sons and daughters as a feature of the 1958 Oakwood sale. Everything pictured on these two pages is by Creekland Lancer x . . . all are selling, plus a number of others of the same correct pattern.

Notice the uniformity, the great heads, eyes, muzzles that stock bulls must have. Notice, too, that every son of Creekland Lancer x calved at Oakwood before mid-June 1957 is being offered. Lancer does not sire any of the kind that have to be hidden behind the barn. We would like to retain some of these bulls for use here at Oakwood, but we want to give

you the complete picture.

Creekland Lancer was widely known the day we bought him at ten months of age. He was internationally known by the time he had won his first major championship . . . and before we hardly had a chance to breed him to a single female.

The most difficult proposition in the world is to hold interest in a bull as a sire that becomes an International grand champion two and one half years before his first calf crop could conceivably be old enough to sell.

We have waited as anxiously as you for this day . . . and it has been worth waiting for.

CREEKLAND LANCER — Inheritance gave Creekland Lancer his excellent type, thickness, tremendous bone and grand head. This same inheritance qualified him to stamp his calves with that pattern. Study his calves as a group—note the similarity of type and pattern, individually — we believe they will carry this stamp on.

Grand champion bull 1955 International Livestock Exposition; 1955 Illinois and Ohio State Fairs; 1957 Ohio State Fair; 1957 Keystone International, Harrisburg, Pa.

LOUADA DEVELOPER — Rich dark roan. Great scale, ruggedness and bone. None of his calves have been fitted and shown except Creekland Lancer.

Calrossie Highland Leader — Rated as one of the best sires by Kirkton Baronet. Used at Millhills where his females were in great demand. A daughter topped the Millhills Dispersion at 1400 gns. going to the Bapton herd. Another daughter, Fair Clipper 45th, was the undefeated female of Britain in 1956. Also sired Balbithan Highland Leader, 1951 Perth supreme champion.

Kirkton Baronet — He and his sons have "topped" the lists of breeding sires in Scotland for many years. One of his greatest assets was his magnificent head and character, which he passed on to his progeny. Practically all the prize winning and high priced sons of Calrossie Welcome have been out of Kirkton Baronet dams. His sons have been the best sires of this era.

Kinsman — Son of Lawton President Roosevelt, brother to Lawton Field Marshall, sire of Kirkton Baronet. Mated

to daughters of Collynie Elect, he gave Millhills the females that "nicked" with Calrossie Highland Leader.

Millhills Mysie 5th—One of the foundation cows selected at Millhills by Louada Manor, Peterborough, Ontario.

HILLDALE COLLYNIE 8th — Reserve grand champion at the International. 100% dehornor. A ton bull in breeding condition. Great bone and thickness. Used with great success by Cooper Farms, Noblesville, Indiana. Sons and daughters have consistently won well and sold well in all State and Congress sales.

Alauna Collynie — 1946 Polled Shorthorn Congress grand champion. Sire of a Hilldale Collynie 60th, 1951 International grand champion bull and Hilldale Augusta Mae, International grand champion female. Also sired the reserve grand champion bull at the 1950 Congress show and Sale.

Edellyn Royal Leader 24th — A son of Edellyn Royal Leader, out of Edellyn Broadhooks 13th by the Perth supreme champion, Calrossie Mercury.

C F Cinderella 2nd — Reserve grand champion Indiana Show and Sale. Thick, deep, roomy, deep sided, heavy milker.

C F Mayflower 3rd — This cow is the dam and grand-dam of many of the best breeding females at Cooper Farms.

Red Oak Mayflower — A heifer of championship calibre at the 1942 Polled Shorthorn Congress.

OAKWOOD REGULATOR — We have consistently refused to price Oakwood Regulator x, because we felt he was the son of Commander-in-Chief x best suited for our needs at Oakwood. We are extremely partial to his breeding on his dam's side which gives us an opportunity to infuse the blood of Calrossie Mercury through what, in our opinion, was one of the best two or three breeding sons of that great Perth champion.

Undefeated junior yearling bull at the 1955 Illinois and Ohio State Fairs and the International; Second prize 1954 International-headed first prize pair of calves; Senior champion, 1956 Ohio State Fair; Senior and reserve grand champion, Ohio State Show, 1956 in horned competition.

Commander-in-Chief — See notes Page 11.

Edellyn Supreme Mercury — Generally accepted as one of the best breeding sons of Calrossie Mercury. Few bulls have left more top daughters that breed on.

Edellyn Martial Mercury — One of the first sons of Calrossie Mercury, out of a great A. J. Marshall bred cow. Sired four calves and died.

Calrossie Mercury — A Perth supreme champion, sired by Calrossie Control, a Perth champion. Calrossie Mercury sired Calrossie Supreme, also a Perth supreme champion and many great cattle at Edellyn Farms, Wilson, Illinois.

Dam — Deep bodied, heavy boned, low-set cow that milks well. One daughter exported to Australia — the others stay at Oakwood.

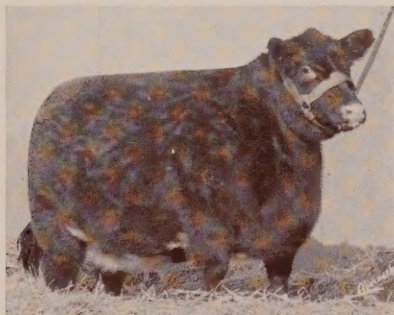

Granddam — A cow of the same pattern.

Complacency is the greatest hazard . . .

Oakwood's consistent power is best measured by nineteen annual auctions . . . a record not even closely approached by any other Polled Shorthorn herd. Further, at each event they have been able to bring forward an offering appraised by the most critical of audiences at averages that have either been the top of the year for Polled Shorthorns or one of the top two or three.

Consider, too, the power that must be behind a herd program, not only to do this every year, but to hold a sale in the spring, scatter the best productions throughout the world, and still be left with a fall show string that can compile the kind of show record you have been reading about in this catalog.

Paul Teegardin is not only one of the keenest judges I know, but knows pedigree inheritance from a lifetime of real first hand study. No one travels more widely . . . and sees more. Oakwood cattle breed well because they are selected for background as well as individuality.

The surest road to herd ruin is to get into the complacent frame of mind that no one can breed a bull good enough for you to use . . . or that someone, somewhere doesn't have some females that can help your herd. Oakwood has used a great group of bulls bred at Oakwood . . . but the search for herd sires never ends. Two of the best bulls of the breed, Creekland Lancer x and The Pattern x, give clear evidence of Oakwood's ready willingness to add a great bull any time he is available.

The same holds true of females. Every female purchase is made with the thought that she is good enough . . . bred well enough . . . to stay in the Oakwood herd. Oakwood is not a large cow herd and to hold this annual sale it is necessary to purchase females each year. Thus, the Oakwood female offering is always a combination of Oakwood's best . . . and the top open heifers that are offered for sale throughout the nation. Paul much prefers to pay a strong price for an outstanding heifer for the Oakwood sale, because experience proves that kind will do the best job of making money for him and his customers. The heifers purchased for the Oakwood sale are "doubly judged" . . . once by Paul Teegardin, again by the Oakwood sale buyer.

There are many things to say about the 1958 offering, particularly the great group of bulls being sold. We hope the material in this catalog will give you the urge to attend . . . as always, you will be glad you did.

ABOUT THE FOOTNOTES IN THIS CATALOG

We are trying something new. We will let the cattle speak for themselves individually and will not attempt to draw a word picture of them.

Our 1958 footnotes are a pedigree analysis, giving you important basic facts on the individuals behind the cattle. Space limitations prevent us from doing this as thoroughly as we would like.

We believe every prospective purchaser wants to know as much as possible about the record of performance behind the cattle. We believe the 1958 Oakwood footnotes are a step in the direction of providing the maximum of pertinent information. Where no comment appears about an animal in a pedigree, it is because it is one of the first calves out of the dam or that so much information was pertinent about one or two in the pedigree that no room was available for comment on the others. It is extremely difficult to judge before type is set how much can go in and in some cases more information than necessary may have been deleted.

Gary Ferguson and his 4-H club heifer . . . a start of a new herd for this fine young man. The heifer is a Ray Hardin bred granddaughter of Oakwood Hall-mark x.

SPECIAL FREE DELIVERY OFFER TO THESE LOCATIONS

We want to make it as easy as possible for you to buy at Oakwood . . . and not to let distance be a barrier to your herd improvement. Cattle purchased in this sale will be delivered free of charge to the following locations . . . Owatonna, Minn.; Atlanta, Georgia; Toronto, Ontario; or Alpine Farms, Lexington, Missouri (near Kansas City).

No Oakwood catalog would be complete without a salute to "Red" Ferguson, Oakwood herdsman. For 16 years he has been a vital part of the Oakwood team. His ideas have always been injected into the Oakwood operation. He has active charge of the show herd, the breeding herd, and the sale cattle.

Remember, it's always a good idea to talk to the man who feeds them. Red will be happy to answer any of your questions. Red's picture appears elsewhere in the catalog, but we have an idea he would rather see the young man at left pictured on this page.

A BETTER BULL THAN CREEKLAND LANCER AT THE SAME AGE

Oakwood Decision

Because there is so much emphasis today . . . and rightly so . . . on the ability of any bloodline to produce fast gains, a highly heritable characteristic, we kept careful record on the five sons of Creekland Lancer x calved at Oakwood. On the two calved elsewhere it was not possible for us to keep such records . . . and, of course, they were not fed the same since birth.

These five bulls were weighed on March 24. The standard 60 pound birth weight was deducted and the daily gain figure was obtained by dividing the number of days of age into this adjusted weight.

Following are the figures for daily gain since birth:

Oakwood Decision	2.59 lbs.
Oakwood Correct Design	2.41 lbs.
Oakwood Lancelot	2.72 lbs.
Oakwood Scottish Lancer	2.43 lbs.
Oakwood Royal Lancer	2.59 lbs.

THESE GOOD JUDGES

These heifers all sold in the 1956 Oakwood sale.

EIGHTEEN OF THE THIRTY-ONE BUYERS IN THE 1957 OAKWOOD SALE HAD PURCHASED IN PREVIOUS OAKWOOD AUCTIONS

We are proud of this list of buyers who have purchased in the past Oakwood sales. Add to this the scores who have bought from Oakwood at private treaty down through the years and you will realize why the name Oakwood is respected wherever Polled Shorthorns are known.

Although we are proud of the high percentage of buyers who have purchased at Oakwood before and who return for more from the Oakwood Blood Bank, we are equally proud of the new customers who come each year to infuse the Oakwood influence into their herds.

International grand champion bull. Chief herd sire at Lynnwood.

Cherry Hill Royal Oak — 1945 International reserve grand champion bull. Still in active service at Tujay Farms & Dr. Hebb herd in Maryland.

Crown's Nugget — Top son and daughters exported to Australia.

Best producing family in Rocker herd. Third dam, first sister to 1941 International junior champion bull.

Oakwood Resolute x, another of the Oakwood herd sires. A three year old 100% dehorner whose calves are most pleasing. Purchased for use on specific horned cows in the herd. Sire, Elmwood Baron x by Commander-in-Chief x. Dam by Oakwood Royal Marquis 2nd x by Oakwood Emperor x.

A total of 837 head of outstanding Polled Shorthorns have been sold through the eighteen Oakwood auctions for a total of \$725,235 or an average of \$866. Consider this record in the light of the year-in, year-out consistency it represents . . . over a period of varied economic conditions. It means whatever the economic conditions at any given time, top Polled Shorthorns will always bring a premium price. Also, it means if you will concentrate on breeding good cattle, and forget whatever the market is at any given time, the law of averages over a period of years will work out for you.

Were these cattle appreciated? Study the list of nearly 300 different buyers who have bought them. We are especially proud of the number of repeat buyers represented in each Oakwood auction.

It is not easy to sell your best in the spring and still come up with a powerful show herd in the fall, and also be represented with the best at such national sales as the Polled Congress. This takes the kind of power that only a great herd can put forth. Study the record of Oakwood winnings at the past 27 Internationals, with the view that only Oakwood, among all Polled Shorthorn herds, has held an annual sale every year for more than ten consecutive years . . . and that Oakwood is the only Polled Shorthorn herd with an annual sale in the spring.

Along these same lines, it can be noted that Oakwood consigned the grand champion bull of the 1958 National Polled Shorthorn Congress. Congratulations, too, to Bill Jones, Home Again Farms, Franklin, Virginia, consignor of the grand champion female. His Home Again Illustration x is cer-

tainly one of the breed's top sires . . . and we are proud this bull is by an Oakwood bred son of Commander-in-Chief x.

* * *

Congratulations to Cooper Farms, Noblesville, Indiana. They paid \$950 for our entry to the 1955 International sale, L K Charm x by Oakwood Ensign x bred to Creekland Lancer x. They recently sold the Lancer calf that came in dam, C F Lancer x, for \$2,000 to Harvey Wilson, Glenora, Manitoba.

Yes, the good ones . . . bred to the right sires . . . are the quickest to pay off. Can you afford to own females from the Oakwood sale? Remember, our females in the 1957 sale averaged \$829. Practically every one was bred to a great Oakwood herd bull. In many cases, the calf in dam will bring more than the cost of the cow. In any event, you can figure that the calf in dam will bring enough more than the calf by a mine-run sire, to reduce the investment in an outstanding female down to the cost of buying just an average animal. There is no reason not to own the best.

* * *

On a recent visit to the farm of George Miller, Thomaston, Georgia, we saw four top notch youngsters by Creekland Lancer x . . . three bulls, one heifer . . . out of Oakwood sale females. It's going to be mighty hard for George to figure out which one to keep for his own herd.

Down in the same country, E. C. Moody, Dothan, Alabama, has a young bull by Creekland Lancer x. He has already turned down more for the calf than he paid for the dam in the Oakwood sale.

* * *

Hope you like the new set-up on footnotes. After seeing how they appear in type we may be able to make further improvements next year. We believe too little thought is given to the inheritance of an animal in most footnotes, too many words wasted on word pictures. We want every buyer to know what we know about the inheritance . . . and to realize why we are so exacting of the inheritance of every animal sold through the Oakwood sale.

See Creekland Lancer Calves In These Good Herds . . .

In the 1956 and 1957 Oakwood sales many heifers were sold bred to Creekland Lancer x. Not only are we proud of the uniform group of Lancer calves at Oakwood, but we are anxious for you to see calves by him on the farms of Oakwood customers. In some cases, there are as many as four Lancer calves in these herds. The entire picture of Lancer calves . . . at Oakwood and elsewhere . . . is an amazing display of uniform prepotence. If we have missed anyone, it is unintentional.

Visit these farms and see calves sired by Creekland Lancer —
